We talked about:

1. Positive Behaviour

The School Council were pleased that they had seen an improvement in children being 'Ready, Respectful and Safe' since our new Positive Behaviour system had begun. It was quieter in class and children were enjoying the reward system.

2. Our next step in developing our behaviour system

The School Council think having some positive behaviours for the playground would be helpful.

3. Other ideas

Some more playground equipment will be a good idea to make playtimes more enjoyable. We will ask the classes what they would like. Some decorating of the school may make it look better.
